Buckeye Pumps Inc. is pleased to provide pricing for the following equipment as required:

Section – per email from Keven Trepal dated 3-29-18

Stratford PS

Qty (2) – **FLYGT/XYLEM** Submersible Pumps Model MF 3069.890, each rated for a minimum 58 GPM at 40' TDH. Pumps shall come with a standard 1.5" discharge. Pumps shall come with a 2.3 HP, 3450 RPM, 230/1/60 submersible grinder explosion proof motor. Motor shall be air filled and have a 1.15 service factor rating; Thermal overloads shall be imbedded in the windings to provide overheating protection. Pumps shall come with a positively driven dual, tandem mechanical shaft seal system consisting of two seal sets, each having an independent spring. The lower primary seal, located between the pump and seal chamber, shall contain one stationary and one positive driven rotating corrosion and abrasion resistant tungsten-carbide ring. The upper secondary seal, located between the seal chamber and the seal inspection chamber shall be a leakage-free seal. Moisture sensing probe shall be provided for detection of moisture on outer seal failure. Pumps shall be provided with guide rail systems that include 1.5" cast iron base elbows, stainless steel lifting chains/shackles, 1.5" Check Valve. Stainless steel guide rails and stainless steel upper brackets and intermediate brackets. Labor and material included to perform work at customers sight.

One (1) Simplex control panel to include:

1. Nema 4X Stainless Steel enclosure
2. Flygt Mini Cas Relay
3. Converter to convert to 3PH Power
4. 3-Floats/Bracket

Total Price for above items.....\$19,368.00
****Customer to coordinate and supply with Electric Company**
For Meter Box And quick disconnect box**
